

WA STEM Chair Committee Report:

As you know, as of the last National Assembly, Link chapters across the country had chartered 43 LINKS-NSBE Jr. Chapters. As you know, our goal is to charter at least 75 chapters by March 2020. Of the 43 chapters previously chartered, **12 still need to take steps to remain active** this program year, either by registering students for this year, identifying the student officers, and/or paying the \$5/student registration fee to NSBE (see attached). All have been notified and hopefully are taking appropriate steps to resolve. The great news is we have at least **24 Link chapters in process of chartering new LINKS-NSBE Jr. Chapters** – the list is attached for your information. I am appreciative of all everyone is doing to ensure our students are LINKS-STEMREADY! All chapters that are chartered by November 15<sup>th</sup> are eligible for up to \$550 in stipends from three STEM grants The Links, Incorporated has received.

**LINKS-NSBE Jr. Chapters That Need to Reactivate – as of October 29, 2019**

<b>Chapter ID Chapter Name</b>	<b>LINKS-NSBE Jr. Chapter Name</b>
252039	Buckhead Cascade City LINKS NSBE Jr.
